

## MANAGERS' MESSAGE

Our Park Managers Darren and Sam and their family have just been on a well earned two week holiday, staying at Mermaid Waters, QLD. While they were there they attended the CRVA conference held at Jupiter's Casino, a fantastic event for the caravanning and camping industry. With the sharing of industry knowledge and expertise to all that attend, including trade stands of all different industry products. They found this conference very informative and motivational as well as beneficial for them and of course their park guests.

The cooler weather has arrived which means that we can enjoy toasted marshmallows and a few short stories around the beach campfires.

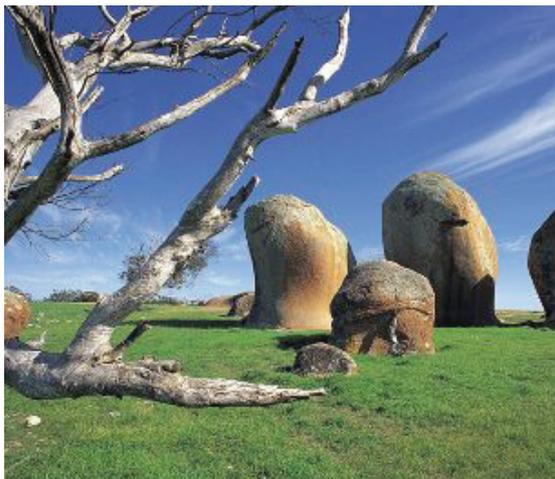

There is plenty of things to do in Streaky Bay during winter, the Cape Bauer tourist drive really kicks off with the blow holes and whistling rocks on a windy day, a drive we recommend.
